### Distribution of Charge in Juvenile Halls

#### Distribution of Charge in Juvenile Halls

In the 3rd Quarter of 2001, 65% of the juveniles in juvenile hall were charged with a felony offense. This figure has remained unchanged since the 1st Quarter of 2001 and has increased only slightly from 2000. However, it is up 1% over last year and if it continues to climb, this could be significant because if there are more felony charges in juvenile hall, it can be assumed that more juveniles will require higher security housing.
